## INTERNATIONAL EXPERTS. A GLOBAL NETWORK.

As a leading trade exhibition and networking hub for a global community, Chillventa connects top players in the international refrigeration, air conditioning, ventilation and heat pump industry – for business potential that is second to none.

Over 1,000 exhibitors convene to share their expertise as well as innovative systems and components – exactly what you need to tap into new markets worldwide with energy-efficient and environmentally friendly solutions. Leverage the power of our global network to enhance your competitive edge!

**CONNECTING  
EXPERTS.**

# IDEAS AND INNOVATIONS. BY EXPERTS, FOR EXPERTS.

- 5 6 7 Refrigeration (components, products, plants and systems), insulation
- 7A 8 9
- 5 C&I/Automation
- 4 4A AC & ventilation
- 4 4A Heat pumps
- 9 Other areas of focus: Associations, societies, technical schools, institutions
- 4A 7A 9 Forums
- NCC Ost Chillventa CONGRESS
- 4 4A Special presentations
- In all halls: Services

# CHILLVENTA award 2016

SUPPORTED BY THE MAGAZINES

 | 

This year we will be presenting the first-ever Chillventa AWARD. The award honours expert teams who have joined forces successfully to realise an outstanding project – one featuring impressive levels of functionality, energy efficiency and technical innovation. Get inspired by our Chillventa AWARD winners.

## CHILLVENTA CONGRESS

1 DAY BEFORE  
OPENING AT  
NCC OST

## EXPERTISE THAT PAYS OFF

The Chillventa CONGRESS takes place one day before the trade exhibition opens its doors, so you can focus on top-notch presentations by international speakers. Collect valuable insights on the latest developments for all aspects of the refrigeration cycle – directly from the source. For an overview of all topics, please visit:

[chillventa.de/programme](http://chillventa.de/programme)

**CONNECTING  
REFRIGERATION  
EXPERTS.**

## EXPERTISE IN REFRIGERATION

Unique opportunities abound: At the world's leading exhibition for refrigeration technology, you can make the contacts that truly take you further. Explore interactions between industry, plant engineering, applications and research, while meeting global players and industry experts. Gain valuable insights into tomorrow's topics, today – directly at the exhibition stands, in the technical forums and one day before opening at the Chillventa CONGRESS.

**CONNECTING  
AC &  
VENTILATION  
EXPERTS.**

## EXPERT SOLUTIONS FOR A GLOBAL GROWTH MARKET

In demand worldwide: innovative products for sustainable comfort and process air conditioning. At Chillventa, international experts will show you how to leverage this potential with innovative combinations of air conditioning and ventilation solutions.

Benefit from additional valuable insights and first-hand expertise in the special presentations "Energetic inspection of air conditioning and ventilation systems" as well as "Energy-efficient data centres – sustainable solutions for air conditioning".

## EXPERT TECHNOLOGY FOR GLOBAL CHALLENGES

Ground-breaking technology: with heat pumps for commercial, industrial, and municipal applications. International experts will share profitable strategies for positioning your business in the global energy market of the future. Master the challenges of the global transition to sustainable energy solutions – learn from the best at Chillventa.

Visit the special presentation on “Heat Pumps for commercial and industrial applications” for expert tips on waste heat use and hybrid heat pump systems.
